*Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Isabel Poole is a wonderful storyteller. So wonderful, in fact, that her audiences tend to believe that the fairytales she tells are true. They aren t, of course, because magic isn t real. That s what Isabel tells herself, until the day she s proven wrong. On what should have been an entirely normal, entirely dull day, a strange melody fills the air and captures Isabel s attention. Leaving her home behind, she follows the song into the forest and finds its source: fae twins, intent on spiriting her away. They need her-or rather, the spark of magic inside of her-to help them end a war that is tearing their world apart. A wise person would refuse. A wise person would run home and forget about the fae and their war and their magic. A wise person never would have followed the music into the forest to begin with. Isabel never claimed to be wise.
