## MECHANICAL ENGINEERING-BASED TRAINING (COLLEGES AND UNIVERSITIES INNOVATIVE TRAINING PROGRAM MATERIALS)

DOWNLOAD

To get **Mechanical engineering-based training (colleges and universities innovative training program materials)** PDF, make sure you follow the web link under and save the document or gain access to other information which are related to **MECHANICAL ENGINEERING-BASED TRAINING (COLLEGES AND UNIVERSITIES INNOVATIVE TRAINING PROGRAM MATERIALS)** ebook.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 213 Publisher: China Standard Pub. Date :2011-08-01 version 1. Yu Hui. Zhao Deying editor of the mechanical engineering based training. according to former State Education Commission promulgated the engineering materials and machinery manufacturing base. the basic teaching requirements and the series of metalwork engineering colleges focus on curriculum reform Guide spirit of learning process knowledge to improve the training capacity to inspire innovative thinking for the purpose. combined with domestic reforms and the practical engineering training school written. Mechanical Engineering based training. a total of 12 chapters. focuses on the basics of mechanical engineering training. including basic heat treatment. casting molding. forging and forming. welding forming. machining technology base. fitter processing. machining (turning. milling. planing. grinding). CNC machining. special machining methods. This book can be used as machinery and institutions of higher learning in recent Mechanical Engineering students' training in mechanical engineering course-based materials. but also for vocational. adult education. television universities. correspondence universities and other related professional use. Contents: Chapter Overview Section II-based heat treatment heat treatment process and heating equipment generally Section IV commonly used method of heat treatment and mechanical properties of steel materials Chapter Overview Section II casting molding sand casting process first three iron smelting and casting forging forming Chapter III Section Overview Section III tires free forging forging fourth welding sheet metal forming Chapter Overview Section II Section III arc welding electrode welding and gas cutting Chapter IV other welding methods section machining technology-based concept of cutting quality machining Section II of Chapter VI fitter measuring process outlined in Section II Section III crossed the fourth cut chisel cutting and filing Section V Section VI sawing drilling. reaming and tapping and...
