CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 314 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. Andrew Langs series of fairy-tale books are some of the fundamental childrens reading of the twentieth and late nineteenth century. The stories are not original: theres no such thing when they were almost without exception passed down orally; but they are in old, not very modernized tellings. Many readers who have only seen or read modern, Disney-fied versions of Cinderella, Sleeping Beauty or Snow-White will not recognize some of the darker twists in these tales. For example, in Sleeping Beauty, when the Prince wakes the Princess and marries her, the story is by no means over. The Princes mother is an Ogress, whom his father married for her wealth, and its suspected that she likes to eat little children; that whenever she saw little children passing by, she had all the difficulty in the world to avoid falling upon them. The happy couple have two children, named Day and Morning, and the Ogress decides to dine on them one day when the Prince is away. Yes, it still has a happy ending, but Disney it isnt. The only thing that might have to be explained to a child is the occasional use of vocabulary that is no longer current. Most often this is the use of thee and thou; but a few other words will crop up. However, theyre usually inferable from context, and the stories are marvellous entertainment regardless. This item ships from La Vergne,TN. Paperback.
