Many books have already been written about the Cuban Revolution. Most of them have had an understandable focus on the failure of the Bay of Pigs invasion. This author too deals with these very topics as well, but he presents that chapter of Cuban history through autobiographical stories and the personal anecdotes of the individuals who actually participated in these events. The author goes back to his earlier years when he was immersed in the events that shaped his future, what he thought the revolution would be, and how the events he observed forced him to reverse his conclusions. He writes how, as a young idealist, he is driven to abandon the very pro-revolutionary cause he once embraced and, instead, takes arms against the oppressive Castro regime. He shares his concerns and hesitations, describes his personal evolution. and recounts the joys and frustrations experienced while participating in guerrilla and other paramilitary activities that eventually evolved into the debacle known as the Bay of Pigs. The stories are all true, and some remain painful after more than fifty years. Additional anecdotes are presented by several of his war buddies. All of them share in the same ideological principles, underwent similar experiences, reached the same conclusions and made similar individual decisions. They truly represent their generation, which was propelled into action by its religious principles and moral convictions. Their stories are as diverse as the individuals who share them. They range from the tender words of a grandfather answering the school project questions of an innocent grandson, to the sometimes bitter words and memories of those who felt abandoned and betrayed on the beachhead of the Bay of Pigs, all the way to...
